Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

I, Divina S. Jones, declare as follows:

1. I am a Paralegal employed by Network Equipment Technologies, Inc. ("N.E.T."), the assignee of the above-referenced subject application, located at 6900 Paseo Padre Parkway, Fremont, California 94555.
2. On behalf of N.E.T., I am submitting this declaration in support of the Petition for Filing Patent Application Under 37 U.S.C. § 1.47(a) when a joint inventor refuses to sign or cannot be found.
3. The last known address of Mr. Cavasian is 160 Laurel Street, San Carlos, California, 94070.

4. In July 2003, in accordance with CFR § 1.48(a) concerning Requests to Correct Inventorship, I provided Mr. Cavasian with a Declaration under CFR § 1.63 for re-execution via e-mail at the following e-mail address: nedc@jprg.nokia.com. A response to my e-mail was not received.

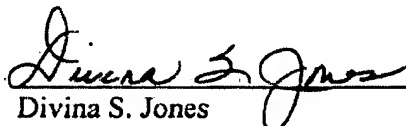

5. On October 20, 2003, I forwarded a second copy of the Section 1.63 Declaration to Mr. Cavasian at his last known address via Federal Express.

6. On October 24, 2003, I telephoned Federal Express to confirm delivery of the package to Mr. Cavasian. Federal Express stated that it was unable to deliver the package because the "addressee had moved." I asked Federal Express return the package to N.E.T.

7. On October 29, 2003, I instructed my assistant, Angela Haldemann, to make a third and final attempt to contact Mr. Cavasian in order to provide him with the Section 1.63 Declaration for his signature. The Section 1.63 declaration was sent to Mr. Cavasian though a second e-mail address ("nedc1@yahoo.com"), provided by personnel in N.E.T.'s engineering department. No response was received from Mr. Cavasian.

8. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Hello Ned,

Divina Jones has some patent information that requires your signature, however the address we have on file for you is apparently incorrect, because the forms were sent back. The address we have on file is 160 Laurel in San Carlos. Is this correct?

If you could please provide us with your current address, we can get these forms sent to you as soon as possible.

If you have any questions, please feel free to contact myself or Divina Jones.

Regards,

Angela Haldeman

Sir:

**INTRODUCTION**

Philip D. Cole, Nils Ramon Marchant, Mike Reynolds, and James Scott, joint applicants of the above-referenced subject application, hereby submit this petition under 37 C.F.R. §1.47(a) in order to request permission to proceed with prosecution of the subject application on behalf of non-signing joint inventor Edward G. Cavasian.

11/16/2004 AKELLEY 00000010 201430 10035791

## RELEVANT FACTS

### 1. History of the Subject Parent Application

The subject application is a nonprovisional application filed on October 18, 2001. Network Equipment Technologies, Inc. ("N.E.T.") is the assignee of the subject application of which Philip D. Cole, Nils Ramon Marchant, Mike Reynolds, Edward G. Cavasian, and James Scott are joint inventors. (A Request to Correct Inventorship, adding Mr. Scott as a joint inventor, is being filed concurrently with this Petition.)

### 2. Joint Inventor Edward G. Cavasian Cannot be Reached to Assist with the Prosecution of this Application

On November 24, 2000, the non-signing joint inventor, Edward Cavasian, left the employment of N.E.T. In February 2003, assignee N.E.T. became aware of the inadvertent omission of James Scott as a joint inventor of the subject patent application and began to take necessary steps to add Mr. Scott as an inventor. In accordance with the requirements of CFR § 1.48(a) concerning Requests to Correct Inventorship, N.E.T. provided each inventor with a Declaration under CFR § 1.63 for re-execution. The relevant facts pertaining to N.E.T.'s efforts to locate Mr. Cavasian to sign the Section 1.63 Declaration are summarized below, and further explained in the Declaration by Network Equipment Technologies, Inc., submitted herewith as Exhibit A.

On July 10, 2003, Divina Jones, a paralegal with N.E.T., forwarded a copy of the Section 1.63 declaration to Mr. Cavasian via e-mail. A copy of the July 10, 2003 e-mail is attached as Exhibit B. No response was received. On October 20, 2003, Ms. Jones forwarded a second copy of the Section 1.63 Declaration to Mr. Cavasian at his last known address via Federal Express at the following address: 160 Laurel Street, San Carlos, California, 94070.

However, Federal Express was unable to deliver the package, claiming the addressee had moved. A copy of the October 20, 2003 correspondence and accompanying Federal Express airbill is attached as Exhibit C. On October 29, 2003, a third and final attempt was made to contact Mr. Cavasian to provide him with the Section 1.63 Declaration for his signature though a second e-mail address for Mr. Cavasian. A copy of the October 29, 2003 e-mail is attached as Exhibit D. Again, no response was received.

3. Joint Inventors May Sign the Declaration on Behalf of Edward Cavasian

A diligent effort has been made to locate Mr. Cavasian in order to obtain his signature on the requisite Declaration under CFR § 1.63, and such effort has proved unsuccessful in locating Mr. Cavasian. Therefore, petitioners respectfully submit that, as joint inventors of the subject patent application, petitioners are permitted under 37 C.F.R. §1.47(a) to execute the requisite Section 1.63 declaration on behalf of joint inventor, Edward Cavasian. The Section 1.63 declaration executed by Philip D. Cole, Nils Ramon Marchant, Mike Reynolds, and James Scott is submitted herewith as Exhibit E.
